SKILLS

Data Structures, Algorithms
Python
Matlab
Verilog
Git, Github
Linux, Kernel, Bash, Scripting
Protocol Design
Networking
Java, OOP, C

LANGUAGES

English
Hindi
Kannada
Malayalam
Tamil
Tulu

HERE IS MY STORY

New ideas, that is my strength.
For every concept that I learn or found interesting I try to,
i) Apply
ii) Develop new concepts
iii) Invent something new.
Which allows me to become more creative, keeps me engaged and motivated, think out of box and reach my goals. My intensions, mindset will remain constant when I will be working for a company in future and I will give my 100%.

ACADEMIC BACKGROUND

DAYANANDA SAGAR COLLEGE OF ENGINEERING
Electronics and Comunication Engineering
2018-2022
CGPA-8.67

S A P H S S AGALPADY
+2 Science
2016-2018
Grade : A+ , 98.5 %

PROJECTS

- Automate tasks by writing Python scripts
- Networking Simulation
- Troubleshooting and Debugging
- Configuration Management with cloud
- Incident Handling
- Wireless Networking, Device Software Management
- Simulation and Modelling Massive MIMO and Small Cells for 5G
- SPI, I2C protocol implementation
- CRC16 implementation

COURSES AND CERTIFICATIONS

- Python for Everybody - Specialization
- Network Transformation 101 - Intel
- Network Transformation 102 - Intel
- Google IT Support - Professional Certificate
- Google IT Automation - Professional Certificate
- Linux for Beginners - Bitdegree
